

QUALITY POLICY

The Management at Halifax Rack and Screw Cutting Company Limited are fully committed to quality and compliance to all relevant management systems needed to operate in an efficient and effective manner within the industry being supplied into. These systems will be, but are not limited, to ISO 9001:2015 or any other customer specific requirements as needed.

In order to ensure its Policy is followed; Halifax Rack and Screw will, where possible: -

- Support the strategic aim to be the 'best in class' partner for its Customers in being manufacturers of precision engineered gear racks, lead screws, pinions, nuts, gears, complete mechanical power transmission systems and sub-contract machining.
- Promote the 'Process Approach' and 'Risk-Based Thinking' into its Quality Management System principles.
- Commit to satisfying applicable statutory, regulatory and customer requirements.
- Communicate this policy via senior management throughout all levels of the organisation.
- Communicate the importance of effective Quality Management and conformance to the Quality Management System Requirements.
- Review and monitor our processes, procedures and quality objectives for suitability and to continually improve the effectiveness of quality management system at regular intervals.
- Ensure employees are appropriately trained to enable them to undertake their tasks and are empowered with appropriate authority within the scope of their responsibilities.
- Ensure sufficient resources are provided to facilitate the Quality Management System.
- Ensure all appropriate documentation is maintained, controlled and archived.
- Review and revise this policy as necessary at regular intervals to ensure its continuing suitability.

It is paramount to the success of the company that customer satisfaction remains the main priority of all employees and that customers therefore continue to recognise Halifax Rack and Screw Cutting Company Limited as being foremost in representing "reliability" and "first class quality".

Ultimate responsibility for quality and the quality system within the company rests with the Directors, Senior Managers and the Quality Manager, and as management representatives are responsible for all matters pertaining to the management of the Quality System.

This policy is communicated to all company employees and is available to other interested parties upon request. It is the responsibility of all staff to comply with the relevant procedures and practices in order to ensure that the objectives and policies of this statement are fully realised.
